On Mathletics, you can practice and complete math. Try the Problems. You can use the worksheets to help your child practice math. Mathletics.com. The worksheets are aligned to specific Common Core standards and to the. About I'm Shannon. I'm an artist & designer in the Twin Cities with a focus on music, performance, dance and creativity. I graduated with a BFA in theatre and a minor in history. I first started performing professionally in the theater at the ripe age of 12. At 16, I moved to Los Angeles where I began performing on the regular on soundtracks and commercials, most notably Game of Thrones and The Amazing Race. I moved back to Minnesota for college, where I continued to pursue my dream of becoming a performer. Since moving back to Minnesota, I've been playing at local bars, festivals, coffee shops, and art galleries. I've done my share of touring and I've had the honor of performing with some amazing people like: Lionel Richie, John Legend, Rufus Wainwright, Lucy Woodward, Jonny Buckland, Milissa, Big Gigantic, and Roxy. As an artist, I'm interested in the ways our bodies are used to create meaning and play, the way they can morph and change in response to pressure and tension. I've never been afraid to ask, "What can I do with this thing?" I'm looking to learn as much as possible in this transition between my old life in Los Angeles and a new one in Minnesota. Q: How to get first value from array that has not repeated I have an array 82157476af
